## EDUCATION

---

### Amity University, Rajasthan

Bachelor of Technology, Computer Science Engineering

September 2023 - May 2027

CGPA: 7.43

### N.K. Public School, Rajawas

12<sup>th</sup> - PCM

2023

Percentage: 72.5%

## EXPERIENCE

---

### Full Stack Developer Intern - Store Infinity

Vijayawada, India (Remote) | May 2025 - July 2025

- Worked on front-end and back-end development for Store Infinity (storeinfinity.in).
- Revamped the full UI for web & mobile, improving navigation speed and design consistency.
- Published the application on Play Store & App Store as part of the release workflow.
- Improved performance and added new features using Flutter, Laravel & Firebase.

### Software Developer (Freelance) - Karttech

Jaipur, India (Hybrid) | Nov 2023 - Feb 2026

- Delivered multiple full-stack and mobile apps across startups and businesses.
- Improved system integrations, optimized existing codebases, and built scalable features.
- Successfully deployed apps and dashboards, increasing product stability and performance.

## PROJECTS

---

### PulseAI : Dual-Model Cardiovascular Risk Analyzer

- Built a full-stack ML system powering a mobile health diagnostic app.
- Model 1** : XGBoost model predicting long-term heart disease risk using 13 clinical inputs.
- Model 2** : Deep-learning pipeline (DenseNet121) classifying ECG scans into 5 arrhythmia types.
- Technologies Used**: Python, TensorFlow, Keras, Scikit-learn, Pandas, NumPy, Flask

### Savce - Food Delivery System ([www.savce.in](http://www.savce.in))

- Built Customer, Vendor & Delivery Partner apps (live on Play Store).
- Developed customer & vendor website with clean UI/UX.
- Created admin panel for orders, push notifications & vendor operations.
- Technologies Used**: Flutter, Laravel, Firebase, JavaScript

## ACHIEVEMENTS

---

- Completion of C & C++ Course (2019)
- Completion of Android Oreo Developer Course (2021)
- Google Play Academy - Store Listing Certificate (2024)
- Java Level 2 by Cambridge Certification Authority (2024)
- “Rajya Puraskar“ in Bharat Scouts and Guides given by **Kalraj Mishra [Former Governor of Rajasthan]**.

## TECHNICAL STRENGTHS

---

- Languages**: C, C++, Java, Python, JavaScript, PHP, SQL, HTML, CSS
- Frameworks**: Flutter, Laravel
- Development**: Web & Mobile App Development
- Cloud & DevOps**: Firebase, Google Cloud, Git
- Deployment**: Google Play Console, Apple App Store Connect
